DR. ABORN,

From San Francisco,

Whose remarkable success in curing Chronic and Obstinate

DISEASES OF THE

EYE, EAR, HEAD, THROAT AND CHEST,

That have for years resisted the ordinary modes of treatment, is so well known,

HAS ARRIVED IN

Portland, Oregon,

TO PRACTICE FOR A FEW WEEKS.

Rooms at the St. Charles Hotel.

DR. ABORN

Has unprecedented success in the treatment and cure of DEAFNESS, DISCHARGES FROM THE EARS, BUZZING NOISES IN THE HEAD, CATARRH, ASTHMA, BRONCHITIS, and all THROAT, BRONCHIAL and LUNG AFFECTIONS. Also, all Diseases of the Eye, and Derangement of the Blood, Heart, Stomach, Liver and Nervous System.

DEBILITY.

All cases of Nervous or General Debility, Premature Decay, etc., are treated by DR. ABORN with such wonderful success that many cases, after a few weeks treatment, are scarce recognizable, such a change having been wrought in them; as they have invariably in a short time gained from ten to thirty pounds in weight.

Convalescence and recovery are rapid under his new and scientific mode of treatment. But very few, if any, men of his age in the profession have been so universally successful as DR. ABORN. Combining all his knowledge, skill, and experience in his special branch of the profession, all that the inventors of the age or the late discoveries of medical science have brought to the aid of the modern practitioner, DR. ABORN is prepared to treat with almost unfailing success all such cases as may come under his care. He has, within the past few years, introduced into his practice many new and important remedies, with novel and effectual modes of application, with which during his professional career, he has produced the most successful and satisfactory results.

DR. ABORN, for twelve years past, has devoted himself exclusively to office practice for the treatment of obstinate chronic diseases, especially such cases as have resisted all the ordinary modes of practice. He has thus been enabled to treat at less life-time cases many patients annually as he possibly could had he treated them at their residences. Thus, he claims twelve years office practice, exclusively devoted to special chronic diseases—more than equivalent to sixty years' experience in a general practice.

Every physician is more successful in a certain class of diseases than in others; and he who devotes his thoughts to a specialty is better prepared to treat it than the practitioner than one who is engaged in general practice

NO PAINFUL OPERATIONS

DR. ABORN does not subject his patients to any painful or unpleasant operations, his treatment is mild and safe for the most delicate child. The afflicted are hereby informed, that after the first visit, for many of the diseases which he makes a specialty, they can take the treatment home and use it until cured, without pain or interruption to their usual avocation.

Wonderful Cure of Disease of the Eye. A Daughter of J. S. Carter, Grain Dealer.

SAN JOSE, May 30, 1870.

DR. ABORN—DEAR SIR: I deem it my duty to make the following statement. For the past six years my daughter (now eight years old) has been afflicted with sore eyes, and frequently unable to read, or even to distinguish one object from another across the room. She is now perfectly cured, after having been treated by you for three weeks only. I would also state that all previous treatment had proved unsuccessful; also that the eye-lids were so effected that the lashes were falling out. Since, under your treatment, they have grown in perfectly natural, so that now her eyes are perfectly natural, bright, and of a healthy appearance. I consider it a remarkable cure, and am agreeably surprised at the result of your treatment, as I had given up all hopes of having her cured. Truly yours, J. S. CARTER.

Lieutenant-Governor Holden's Card.

SAN FRANCISCO, April 6, 1870.

Having suffered nine or ten years with a throat and bronchial affection, I applied to Dr. Aborn, No 22 Kearney Street, who has treated me for about two months. I feel it my duty to state, for the benefit of those afflicted in the like manner, that I found immediate, and I think, permanent relief from his treatment, and that I consider his treatment scientific, and that the doctor is master of his profession. WILLIAM HOLDEN.

From Hon. James A. Johnson, Member of Congress.

TO WHOM IT MAY CONCERN: Having been a sufferer from catarrh and a severe bronchial affection for more than seven years, and having found great relief by submitting myself to Dr. Aborn's treatment a few days only, I take pleasure in saying, Dr. Aborn, with his new and improved instruments for local application to the lungs, air passages, eyes and ears, should encourage all who are afflicted in those parts to cherish a lively hope that they may find quick and permanent relief.

Very truly, JAMES A. JOHNSON, M. C., Cal.

Card from William Hoskins, Notary Public, Oakland.

DR. ABORN: I take pleasure in bearing testimony to your skill and treatment for Catarrh and Bronchial affections, having suffered for months and wasted in flesh from incessant coughing, night and day. I now find myself cured as the result of your treatment, and I have gained thirty-three pounds in weight.

WM. HOSKINS,

Oakland, Sept. 3, 1870.

A Remarkable Cure.

SACRAMENTO, Cal., September 30, 1870.

This is to certify, that for ten years I have suffered at most death with Nasal Catarrh, Bronchitis and Neuralgia of the head. The pains in my head were almost unbearable. My hearing was very much impaired, with a disagreeable noise in my ears. My eyesight was also impaired. In May last, I placed myself under the treatment of Dr. Aborn, No. 22 Kearney Street, San Francisco, Cal., and in a short time the Bronchial affection was cured, my eyesight was fully restored, and my hearing improved. I take pleasure in bearing testimony to the skill of Dr. Aborn, in his successful treatment of those diseases. JOHN ALLISON,

Late Deputy Sheriff and Constable of Grass Valley Township, Nevada County, Cal.

A Positive Proof that Deafness and Discharges from the Ears can be Cured.

On the 22d of January last, I applied to Dr. Aborn, at 22 Kearney Street, San Francisco, and placed myself under his treatment for deafness and discharge from my left ear, that had baffled the ability of several physicians. Under Dr. Aborn's treatment I began to improve at once, and in six weeks time, I was entirely well. I can now hear as well in I ever could, and the discharge is entirely cured, and have had no symptoms of a return of the disease since. As I am now satisfied that the cure is permanent, I cheerfully give this testimony to the skill of Dr. Aborn, who is now in our city, practicing at the Orleans Hotel. JOHN SIMPSON.

EVIDENCES OF HIS SUCCESS IN CURING

CATARRH,

And other Chronic Diseases that have Resisted the Ordinary Modes of Treatment.

Letter from B. P. Murdock, Esq., Editor of the San Jose Daily Patriot.

SAN FRANCISCO, CAL., NEW YEAR'S DAY, 1871.

DR. ABORN, San Jose—DEAR SIR: I have felt that our business and social relations for the last ten months were of such a character as to warrant me in addressing you this testimonial of my esteem for you, professionally and socially. Your remarkable success in the treatment of my son, Frank, a youth just entering on manhood, who had been afflicted for some time with an obstinate catarrh and throat disease, was but an additional proof of the distinguished reputation you had achieved in your profession before your advent to California, and disposed me to repose that reliance upon your scientific skill in the treatment of your specialties, which was so fully sustained by the success of our prescriptions in all cases under your treatment in this city and neighborhood.

Allow me, also, to express my thanks for the liberal and gentlemanly spirit you displayed in all of our business relations. As the proprietor of the San Jose *Daily Patriot*, I published for you many advertisements, all of which were promptly paid for, and in a manner peculiarly agreeable.

I do not know whether this letter will be of any use to you, but I have felt impelled to write it, as well as to assure you of my sincere esteem and cordial wishes for your happiness and prosperity.

Respectfully yours, etc.,

F. B. MURDOCK,

Editor and Proprietor *San Jose Daily Patriot*.

Letter from Wm. B. Lake, Esq.

SAN FRANCISCO, January 10, 1871.

DR. ABORN—Dear Sir: Permit me to add my testimony to the numerous public assurances you have received while here, of your skill and success in the treatment of those diseases which you make specialties in your practice.

My boy, now seven years of age, had been seriously troubled for several years, with catarrh, when put under your treatment; when he was immediately relieved, and has been steadily improving ever since, until now he seems almost entirely recovered, and we feel we owe to you, under his rapid convalescence, and I assure you your name will ever be held in grateful remembrance by your young patient, and his parents and friends.

Yours respectfully, WM. B. LAKE,

No. 1023 Hyde Street, San Francisco.

LAW OFFICE OF B. F. & JOSEPH CROCKER,

SAN FRANCISCO, CAL., January 22, 1871.

DR. ABORN—Dear Sir: Understanding that you are about terminating your residence and practice in this city, I have thought that possibly you might be pleased to know that the little school girl, Mary Morris, whom you treated some months ago at my request, and who, you will remember, was nearly deaf and seriously afflicted with some bronchial trouble when she went to you, is now ENTIRELY CURED, both of deafness and bronchial affection, and declares that she was virtually cured on her first visit to you. She and her parents are very grateful to you, and think that it is wholly due to your skill that her hearing and health are restored.

Yours truly, B. P. CLEMENT.

Card from Charles N. Fox, Esq.

(Office of Campbell, Fox & Campbell, Attorneys and Counselors at Law. No. 528 California street.)

SAN FRANCISCO, Feb. 17th, 1870.

Were it not for the good which I hope it may have done to suffering humanity, by informing them where they could find relief, I should regret having given Dr. Aborn my little testimonial of the tenth of January, for the demands made upon my time, in answering inquiries in regard to him, have been more numerous than profitable to me; and still they come.

To save the necessity for further personal application, let me say to those who care for my opinion, that time has only strengthened my first favorable opinion of Dr. Aborn, and my confidence in the permanency of the cure effected by him. All my difficulty arose from catarrh, which had become of a serious character, affecting the hearing and the throat, giving me at times acute pains, and at others rumbling sounds in the ears, frequent headaches, and so seriously affecting the bronchial tubes as to sometimes disable me from public speaking. It is also gone, and the change was produced, not by any species of charlatanism, as many suspect of the Doctor, nor by the absurd practice of putting medicines into the stomach which was not affected, but by the skillful application of medicinal remedies directly to the parts which were diseased. I have found the Doctor a gentleman in his intercourse and business, and the judgment that I have formed of him professionally is, that he is a regular physician, thoroughly acquainted with the anatomy of the human body, and possessing a remarkable degree of skill in the treatment of those diseases which he makes his specialty.

CHAS. N. FOX.

Another Wonderful Cure of Asthma and Bronchitis, after all other Methods had Failed.

SAN JOSE, March 6, 1870.

This is to certify, that I have been afflicted for over three years with Asthma and Bronchitis, and had tried every means in my power to effect a cure, and was told by my family physician (an honest and good doctor) that I could not be cured; and I became so weak that I could scarcely walk up a flight of stairs, and I happened to see a card from Lawyer Houghton, stating that he was being treated by Dr. Aborn, No. 22 Kearny street, San Francisco, and was getting great relief, and I thought I would go and see the Doctor; but I had little hope of getting relief, much less a cure. That was about the fifteenth of January, 1870, and to-day I claim to be a well man. I am fifty-nine years old. My mother and father died with the same disease. I send this card, unsolicited, to Dr. Aborn, thinking that it might meet the eye of some of my acquaintances that might be suffering in the same way. J. W. HARDWICK.

DR. ABORN

Has WONDERFUL SUCCESS in curing CHRONIC DISEASES after the usual routine of the profession have failed, and the many testimonials in his possession from prominent and influential men who are well known will substantially prove.

NO PAINFUL OPERATIONS.

DR. ABORN does not subject his patients to any painful or unpleasant operations, his treatment is mild, and safe for the most delicate child. The afflicted are hereby informed, that after the first visit, for many of the diseases which he makes a specialty, they can take the treatment home and use it until cured, without pain or interruption to their usual avocation.

Ku Klux Diabolism.

The following document has been issued by the Union Republican Executive Committee at Washington:

The Congressional Committee investigating the Ku Klux villainy—a sub-committee in Washington, and another sub-committee in South Carolina—have now been in daily session more than two months, and have had before them many scores of witnesses from all sections of the late Insurrectionary States—men of both high and humble station—Presiding Elders, Preachers, ex-members of the Federal Congress, ex-Generals of both Armies, Governors ex-Governors, and Judges, Solicitors, Sheriffs, Revenue Officers, Officers of the Army, Postmasters, School Teachers, Repentant and Non-repentant members of Ku Klux Klans, and dozens of their maimed and suffering victims, black and white.

And what has this patient and thorough investigation established—and established beyond all future cavil and question? These atrocious facts:

1. That in all the late Insurrectionary States, and generally diffused, though not found in every county, is an oath-bound Secret Organization, working only at night, and its members always in disguise, with officers, signs, signals, pass-words, grips, and all the necessary paraphernalia, with the pledged and sworn purpose of putting down the Republican and putting up the Democratic party, known in different localities among the initiated by different names, but everywhere recognized by the general cognomen "Ku Klux."

2. That the organization came into being a few months previous to the last Presidential election, during which canvass it was in its most vigorous condition, but is now through all the South, with more efficient discipline and effective direction than ever, reviving, in preparation for the next Presidential campaign, when, as they told one of their victims in Tennessee a few weeks since, "no d——d Radical voting is to be allowed in any Southern State, by black or white."

3. That this Ku Klux organization is the premeditated and determined scheme for carrying the South at the next election of President, and securing the entire electoral vote of that section, make sure the election of the Democratic nominee.

4. That the officers and establishers of these "Dens" (as they appropriately call their separate bands) are the leading and active Democratic politicians of the South.

5. That the scheme has the hearty good-will of a large section of the Democratic party in all those States, and the acquiescence of nearly the entire Party.

6. That the direct and chief purpose of the organization, as sworn by all the victims, as the assertion uniformly made to them by these midnight assassins, and corroborated by the universal testimony of the repentant and divulging members of the order, is this: The putting down of the Republican and the putting up of the Democratic party.

7. That while the Democratic and Ku Klux witnesses on their direct examination usually deny the political purpose of the order, asserting that the Ku Klux are a social necessity growing out of the abolition of the old patrol; that they have to ride the country to "keep the niggers in their place;" that under the influence of Radical Legislation and Methodist preaching the niggers are liable to become saucy; and without an occasional Ku Klux visit would "begin to think themselves as good as white folks," and that these frequent floggings and occasional murder are necessary to maintain such a state of morals among the blacks as will permit the wide-hating whites to live in their neighborhood; yet, on the cross-examination, these witnesses also very generally, as well as very reluctantly, confess that the *intimidation of Republican voters* is a prominent and not to be regretted result.

8. That to secure this purpose, the putting down of the Republican and the putting up of the Democratic party, *intimidation* is the grand means—the intimidation of Republican voters, black and white, but especially the former, by the intimidation of Republican leaders, both white and colored, by midnight Raids; by burning houses and stores, and the destruction of crops; by whippings of such extreme cruelty as often to end in death; by mis-indirection and painful maiming; by assassination and murder in such cowardly manner and with such hellish device as may strike terror into whole counties, and bring down the Republican vote from two or three thousand to less than a single dozen.

9. That "school teachers," and "preachers of the Methodist Church North," seem to be the special abhorrence of these Democratic measures, and hundreds of School-houses and Methodist Churches have been given to the flames, and Christendom will stand aghast when it is made known the scores of school teachers and Methodist preachers, who, by this Democratic agency within these three years, have been whipped, shot hung and in some instances, it is believed, burned at the stake!

10. That in nearly one-half the States of this Union this work of hell is now going on, night by night—every month extending the range of its bloody operations, and fearfully multiplying the number of its victims!

11. That it is solely and immediately in the service of the Democratic party—a large portion of the party South heartily approving—large numbers of the party North attempting its palliation by excuse, and its shelter from storm by covering up or denying its crimes, as if cowardly dissimulation could be palliated and brutal murder excused—and the Democratic party throughout the land rejoicing in its promised help. So, either by open and acknowledged action, or by the no less criminal and the cowardly participation of extenuating and shielding the crime, the party, Klan and North, become before the people and before God equal sharers in the responsibility.

Out of the months of more than two hundred witnesses in every syllable of this established; and more than ten thousand of the shameless dead, from hidden places by wayside, in swamp and mountain, and from the sleepless ashes of fired homes, shout their ghastly amen!

A single instance of the thousand outrages perpetrated upon an American citizen on foreign soil, would be thought ample cause for war; and our entire navy would hasten to enforce the nation's indignation. And such abuse as is daily meted out to these humble Methodist preachers, if offered one of our Missionaries on heathen ground, would arouse the whole American nation until every mind was laden with demands for "protection."

The thanks of all citizens who love right and hate rapine are due the faithful men of this Committee, who, forgetting their own ease, have so industriously devoted these hot months to the unearthing of this giant villainy.

Christian men of our country! Humane men! All decent men, we appeal to you! Is a party worthy of life in this land which seeks supremacy through such hell-born measures?

There is one more truth connected with this star beat which is worthy of notice. Those which shine by the reflection only from kindred bodies, impart no heat. The moon, which does so brilliant a work in her way, does not warm. The star suns derive their light from the great original, and hence they diffuse warmth with their rays. Some church members, it is to be feared, obtain all their illuminating power from their spiritual surroundings. They sparkle like icicles, but chill all who come in contact with them. That strange and glorious warming in the region of the heart which Wesley felt when the way of salvation by faith alone first beamed upon his burdened mind, they do not feel.

The Daily Oregonian.

FRIDAY MORNING, AUGUST 18, 1871.

Mrs. Cady Stanton.

We are informed that a petition is in circulation for signatures, requesting or inviting Mrs. Cady Stanton to pay this city a visit before starting East. For the good name and repute of Oregon in general and Portland in particular, we hope this is a mistake. After the sentiments this woman expressed concerning the murderess, Mrs. Fair, people claiming respectability ought to make it a point to avoid, instead of inviting her. Eastern, as well as Pacific coast journals, aspiring to any degree of respectability have, in unmeasured terms condemned those sentiments. The following from *Every Saturday* upon this point, is well said and worth reading: "The law of the 'New Republic' in the longings of certain women has been explained and illustrated in San Francisco, by Mrs. Cady Stanton. In one of her speeches she proclaimed that the notorious Mrs. Fair has not been legally adjudged guilty because she was not tried by a jury of her peers, that is, by twelve women; and furthermore held that when woman was once admitted to the use of the ballot her influence will tend to the elevation and purification of politics. These doctrines she has illustrated in her fashion by paying Mrs. Fair a visit of condolence, and by unfolding her views to some of the city newspaper reporters. She said that when she went to the jail and saw the murderess 'it was the saddest moment that I ever remember; and when I looked into the poor woman's mild blue eyes and studied her pale and sorrow-worn face, I could but feel that no amount of testimony would ever convince me that she is the bad, bold woman she has been represented.' What Mrs. Fair is and what her paramour was we do not need to say,—he deserved the infamy which her bullet gave him, and she deserves hanging as much as any murderer ever did. It appears, however, that in Mrs. Stanton's New Republic we are to have justice meted out not on conscientious judgment of sworn evidence, but on the color of the eyes, the expression of the face, and the general demeanor of the the prisoner. We respectfully submit, that bad as things are now, this 'New Republic' would not be an improvement." From such teachers, whether male or female, let us pray to be delivered.

From the St. Paul *Press* of August 2d we learn that Gen. George B. Sargent, financial agent in Europe of the North Pacific Railroad, accompanied by Mr. August Folsch, an eminent engineer of Austria; Mr. N. J. Der Fax, Secretary of the Board of Trade of Amsterdam; Mr. Haes, of Berlin; Mr. Breitscheevert, of Frankfort, and Chevelier E. de Grunberg, of Vienna, arrived in that place August 1st. They expect to proceed along the route of the North Pacific Railroad for some distance, far enough to obtain a good idea of the country through which it already does and will pass, return to St. Paul and then visit Oregon and Puget Sound via San Francisco. The visit of these gentlemen to Oregon will prove of great advantage to us, as they are gentlemen who represent prominent financial and scientific interest in the old world. Just now our State is not only attracting great interest in the Eastern States but is also attracting attention from the old world, and the visit of these gentlemen is very opportune, as the impression made by their visit will probably be disseminated very widely in Europe, and thus be the means of drawing not only immigrants her obt also capital. Under this view of the case our citizens should not allow any opportunity to escape by which our resources in timber and agricultural land, minerals, (galena, iron, silver, tin coal, etc.,) etc., can be shown to advantage.

The editor-in-chief of the OREGONIAN, owing to sickness in his family, has been absent for three days so we have paid no attention to our neighbor, the *Herald*, for if its assertions are made in as reckless a manner as it misquotes, it will, if it has not already, gain an unenviable reputation. In the editorial department of its issue of August 16th it says:

> In an editorial again, the editor of the OREGONIAN tells his readers that "the whole Democratic party of Oregon, backed by the Eastern press (except the *Herald*) is against the new departure."

We were charitable enough to suppose the "Eastern press" was a typographical error; so waited to see if in its yesterday's issue it made the correction; as it did not, we reproduce what was said in our issue of August 15th: "Inasmuch as the whole Democratic party of Oregon, backed by the entire press of the party (except the *Hedald*) is against the 'new departure.'" Can anything in such a paper be relied upon?

Testimony in the claim of Thomas Caruthers to the Caruthers' estate was to have commenced being taken the first of this month in St. Louis, Mo. It was generally supposed that one week would answer in which to take all the testimony. One of the parties in interest is in St. Louis diligently looking up all the testimony that can be obtained. This case appears to be attracting more attention in St. Louis than it does here.

What Happened when Horace Greeley was President.

[From the Philadelphia Sunday Dispatch, July 23d.

The following is supposed to have been written in 1893 by Max Adeler, who was a witness of the terrible scenes which occurred at the time of which the story tells. The EogHah satire, "The Battle of Dorking" supplied the suggestion for this prophetic tale:

THE CONQUEST OF AMERICA.

You ask me to tell you, my children, of the events which immediately preceded the destruction of the once great American Union and the capture of the country by its present European rulers, and to say something also of the causes which led to these deplorable results. I undertake the task with a heavy heart, for when I revert to the terrible time I cannot help contrasting our proud condition up to that fatal year with the humiliating position occupied now by the American people. The story is a short one. In the fall of 1872, Horace Greeley, the editor of a New York newspaper, was elected President of the United States. The people voted for him because they believed him to be an honest man. And so he was. But he was also vain and weak, and he entertained certain frantical and preposterous notions—about agricultural matters, for instance—which he was determined to force upon the people at all hazards and despite all opposition. He believed, among other things, that every man ought to go to the West to earn his bread, and long before he was chosen President, he used to advise everybody to move to that region as a cure for all the disasters which befall the human family. As soon as he reached the Executive Mansion, which we used to call the White House, President Greeley organized an army of two hundred thousand men and proceeded to

FORCE THE ENTIRE POPULATION

of the seaboard States westward at the point of the bayonet. The utmost violence was used. Those who resisted were shot down, and their dead bodies were carried off to a national factory which the President had established for making some kind of a fantastical fertilizer. All the large cities of the East were depopulated and the towns were entirely empty. The army swept before it millions of men, women and children, until the vast plains west of Kansas were reached, when the pursuit ceased and the army was drawn up in a continuous line, with orders to shoot any person who attempted to visit the East. Of course, hundreds of thousands of these poor creatures perished from starvation. This seemed to frighten President Greeley, and he sent a message to Congress recommending that seven hundred thousand volumes of a book of his, entitled "What I Know about Farming," should be voted for the relief of the starving sufferers. This was done, and farming implements and seeds were supplied; and then the

MILLIONS OF WRETCHED OUTCASTS

made an effort to till the ground. On the result of this I will speak further on. In the meantime the President was doing infinite harm to the country in another way. His handwriting was so fearfully and wonderfully bad that no living man could read it. And so, when he sent his first annual message to Congress—the document was devoted wholly to the tariff and to agriculture—a sentence appeared which subsequently was ascertained to be, "Large cultivation of rutabagas and beans is the only hope of the American nation, I am sure." The printers, not being able to interpret this, put it in the following form, in which it went forth to the world: "The Czar of Russia couldn't keep clean if he washed himself with the whole Atlantic ocean once a day!" This perversion of the message was immediately telegraphed to Russia by the Russian Minister, and the

CZAR WAS SO INDIGNANT

that he instantly declared war. Just at this time President Greeley undertook to write some letters to Prince Bismarck upon the subject of potato rot, and after giving his singular views at great length, he concluded with the statement that if the Emperor William said that subsoil plowing was not good in light soils, or that guano was better than bone-dust, he was "a liar, a villain and a slave!" Of course, the Emperor immediately declared war, and became an ally of Russia and of England, against which latter country Greeley had actually begun hostilities already because the Queen, in her speech from the throne, had declared the *Tribune's* advocacy of a tariff on pig iron incendiary and calculated to disturb the peace of nations. Unhapily, this was not the full measure of our disasters. The President has sent to the Emperor of Austria a copy of his book, "What I know," etc., with his autograph upon a fly-leaf. The Emperor mistook the signature for a

CARICATURE OF THE AUSTRIAN EAGLE,

and he readily joined in the war against the United States; while France was provoked to the same act by the fact that when the French Minister came to call upon Greeley to present his credentials, the President, who was writing an editorial at the time, commenced talking the French language, mistook the ambassador for a beggar, and, without looking up, handed him a quarter and an order for a clean shirt, and said to him: "Go West, young man—go West!" So all these nations joined in making war upon the United States. They swooped down upon our coasts and landed without opposition, for those exposed positions of our unhappy country were absolutely deserted. The President was afraid to call away the army from Kansas, at first, for fear the outraged people upon the plains would come east in spite of him. But at last he did summon the army to his aid, and it moved to meet the enemy. It was too late! Before the troops reached Cincinnati the foreigners had seized Washington and all the country east of the Ohio, and had hung the President, the Cabinet, and every member of Congress. The army disbanded and the invaders moved to the far West, where they found the population

DYING OF STARVATION

because they had followed the advice of Greeley's book to "Try for the first crop, to raise lines and don't plant more than a bushel of seed to the hill." Of course these wretched people were at the mercy of the enemy, who—to his credit be it said—treated them kindly, fed them, and brought them back to their old homes. You know what followed—how Prince Frederick William of Prussia ascended the American throne, and the other humiliations that ensued. It was a fearful blow to Republicanism—a blow from which it will never recover. It made us, who were freemen, a nation of slaves. It was all the result of our blind confidence in a misguided old man who thought himself a philosopher, but who was actually a fool. May Heaven preserve you, my children, from the remorse I feel when I remember that I voted for that bucolic old editor.

A Foe in his own Household.

A California paper has the following pointed article in relation to a matter now much discussed in that State:

> Robert J. Steele, editor of the San Joaquin Valley *Argus*, a Democratic paper, does not seem to take kindly to the nominee of his own party for Governor. Steele thinks it rather "peculiar" that a professed opponent of railroad subsidies should have signed twenty subsidy bills before he made that there was anything wrong in it. Quite correct, Mr. Steele. But that is not the most "peculiar" feature of the case. We beg to call your attention, Mr. Steele, to the farther fact that after having signed sixteen subsidy bills, our excellent Executive all of a sudden bethought himself of the propriety of looking in the Constitution of the State to find out whether subsidies were Constitutional. Now our excellent Governor being a lawyer by training and profession, ought, one would think, to have a sufficient knowledge of Constitutional law to have known without any special examination that subsidies to railroads are opposed to the organic law. But it seems that he did not know this. However, having put on his spectacles and refreshed his knowledge of the Constitution of the State, he arrived at the conclusion that he had done wrong in approving these sixteen or eighteen subsidy bills. Guided by this newly acquired light, the Governor vetoed the next subsidy measure passed by the Legislature and presented to him for his signature. Accompanying his veto, was a message in which the Governor referred to his recent studies and stated that he was now convinced that grants of lands or moneys to aid the construction of railroads are wrong. And now mark what follows: After this almost miraculous conversation; after this message stating that he had discovered from his renewed study of the Constitution and the law, that subsidies were unconstitutional, the Legislature passed another subsidy bill, bigger and blacker and wickeder than all the rest. And Henry Huntly Haight signed that bill, and it became a law by his approval. What do you think of that Mr. Steele?

The Inharmonious.

Although the Democratic Convention of California accepted the "new departure," the movement is very distasteful to a large number of the party. A few days ago the Democrats of Mariposa county, assembled in Convention, and adopted a resolution to repudiate the State platform as construed by the leaders of the party. Here is their declaration:

> *Resolved*, That we accept the platform, adopted by the State Convention as a political necessity; but repudiate the prevalent idea that the several amendments to the Constitution are the natural and legitimate fruits of the war; but on the contrary, we denounce them as unnatural, illegitimate, and the result of arbitrary means used by the so-called Republican party, and that the same are in palpable violation of the principles of justice and equality which form the basis of the government bequeathed to us by our fathers, and we hereby pledge ourselves to use every effort to restore that government to its original status, founded on the equal rights of the States and the restriction of each department to its legitimate sphere.

How Daniel Webster Prepared his Speeches.

In one of the debates in Congress, which suddenly called Daniel Webster to his feet, he made a brief but most eloquent speech, apparently without any opportunity for previous preparation. In the course of his remarks he threw out the following sentence, which has ever since been admired as one of the most harmonious and expressive in the English language. He was speaking of our military conflict with Great Britain:—"Our fathers raised their flag against a power to which, for purposes of foreign conquest and subjugation, Rome, in the height of her glory, is not to be compared; a power which has dotted over the whole globe with her possessions and her military posts, whose morning drum-beat, following the sun in its course and keeping pace with the hours, circles the earth with one continuous and unbroken strain of martial airs of England." As he sat down one of the Senators congratulated him upon his speech, and alluding to the above passage, said that to him it was inconceivable how Mr. Webster in a speech so manifestly unpremeditated, could have formed so perfect and so beautiful a sentence, which with hours of study he could not improve. Mr. Webster replied that the passage was not extemporaneous; that in his summer vacation he had visited Quebec, and while standing on the massive and almost impregnable citadel there, looking out upon the wondrous scene of national grandeur and of nature's loveliness spread before him, the idea occurred to his mind. He immediately took his seat upon a gun, and with pencil and paper, sketched the thought in the most appropriate language he could at the moment command. Upon arriving at his hotel he sat down at his leisure, and wrote it and rewrote it, with many interlineations and erasures, until he had moulded it into the form of words which satisfied him. He then laid it aside in his retentive memory, to be used when the occasion should offer. The opportunity arose on that day.

TUALATIN PLAINS, WASHINGTON CO., OREGON, July 22, 1871.

DR. A. M. LORTEA—I have been troubled with Rheumatism for the past *twelve years*; my joints, especially those of my feet and hands, were badly swollen, so that I could with difficulty go around. My shoulder pained me a great deal and a large bony swelling grew out so that I could not raise my hand to my head.

Since last spring I have been taking your "Oak Wood Remedy," and find myself much improved. The swelling and pain has left my joints and shoulder and the bony growth has entirely disappeared and I am my limbs and am far better than I have been for years.

When the application is received, a certificate, signed by the Agent, obligating the Company to the terms, will be sent to the claimant in the following form:

PRE-EMPTION CERTIFICATE, No. ——.

This is to certify that ——, of —— county, State of Oregon, has this day filed in this office a Pre-emption claim to (description of premises), and is hereby entitled to the first privilege of purchasing said land at the Company's valuation, (which is to be made without reference to improvements) when the same shall be placed in market, in accordance with the resolution of the Board of Directors of said Company, adopted May 25, A. D. 1871.

When the price of the above described land is fixed, notice thereof will be sent to the party to whom this Certificate is issued, and if the land is not purchased by the said party as the holder hereof within sixty days from the date of said notice, the Company will be at liberty to sell the land to any other person.

(Signed)

Land Agent of the E. & O. Land Co.

The lands will be appraised by a competent, disinterested party, under oath, at their actual present value—no fancy or prospective price on the basis of similar lands in the vicinity, and when appraisement is made they will be sold in quantity not exceeding one hundred and sixty acres to one person, payable in five equal annual instalments, with interest from date of contract, at ten per cent. per annum, principal and interest payable in United States Legal Tender Notes. Warranty deeds given after United States Patent issues, upon payment in full.

Blank forms of application furnished upon request.

TO HOUSE BUILDERS & PAINTERS

"AVERILL CHEMICAL PAINTS."

THESE PAINTS ARE SO WELL KNOWN throughout the Atlantic States and their reputation so abundantly established for

Beauty, Permanence and Economy

That we can confidently recommend and guarantee an entire satisfaction in their use.

THEIR COST is less than pure leads, and covers one fifth more surface, making them the most economical Paints in the market.

THEIR DURABILITY is unquestioned. They dry hard with a smooth and glossy surface and will not chalk, crack or peel off.

THEIR ADAPTABILITY.—They are already mixed and ready for use and require no oil, turpentine or dryers. Are sold of any desired shade, by the gallon only.

Testimonials:

Gen. James S. Negley, M. C., Pittsburg, Pa., writes Nov. 10, '70: I have no hesitation in recommending the "Averill Chemical Paints" to those who regard economy and durability. It weathers our smoky atmosphere better than any Paints I have used. Its colors are rich and variable. Altogether I find them the CHEAPEST AND BEST."

"JACKSONVILLE, FLORIDA CUSTOM HOUSE:—It looks as fresh and glossy as when first applied. I do not believe any LEAD AND OIL CAN EQUAL IT.

"WM. P. DUCKRAY."

I have carefully compared the cost and merits of the Averill Paints with White Lead and Oil and find 90 cents per gallon in favor of the former.

H. H. PEARSON,

Late of the Russ House,

HAVING BOUGHT THE INTEREST OF MESSRS Tobin & Patten, of the Cosmopolitan Hotel, has secured a lease for a term of years of this well known and elegantly furnished Hotel. His previous reputation assures its being kept in first class style, while in order to keep pace with the times he intends to make important reductions in the scale of charges. His intention is to make it a family and business house, while his large connection with the traveling public, warrants him in expecting a large amount of country patronage. Rates Eastern patronage. The prices will range from two to three dollars a day for ordinary accommodation. Board by the week or month as per contract. The Table will be kept on the most liberal scale and many improvements introduced. The spacious reading room is the finest of its kind in the city, while the furniture and fittings generally are superior to those of any hotel in San Francisco. FRIDAY MORNING, AUGUST 18, 1871.

CITY.

AN ABUSING CARICATURE.—The last number of *Harper's Weekly* contains a most appropriate and amusing caricature on the "Tammany Thieves." Particular attention is bestowed by the artist on on "Boss Tweed." That worthy is represented as seated on a sumptuous regal throne, covered with the most costly and gorgeous drapery, matched innumerably with the characteristic $, all over its ample folds; everywhere, on every sticke and corner of the chair of state stands out in bold prominence that almighty $. It is perched on the pillars, and lions and unicorns are represented as fighting for its possession. Above the scene floats a banner on which is seen that magic motto, so dear to every Tammany bosom: "To the victor belongs the spoils." In his left hand "William the Conqueror" grasps nervously the crown of authority, labeled "N. Y." Around him throng his most obsequious satellites, with flattery on their lips and terror in their countenances, as they regard the angry crowds who are surging towards them with threatening actions and menacing banners. Among the boats can be observed the baldheaded philosopher of the *Tribune* in his shirt sleeves, brandishing aloft his potent quill, and bestowing looks on the crowd around which seem to reiterate the cry of bygone days, "Onward to Richmond." Gov. Hoffman is represented with a long sacerdotal robe on his shoulders, a mitre on his head and a cross in his trembling hands. He looks the perfect impersonation of abject fear and supplication. With a conciliatory wave of his hand, he endeavors in vain to quell the tumult without, and also mutely pleads with his eyes for one look of assurance from his master; but that does not come. Tweed is too intent on saving his "own bacon," to cast one glance at his parasites. His kingly brow is clouded with apprehension, and the cares of state bear heavily on his recreant shoulders; terror is depicted in his cowardly face; his seat of temporary power seems to be dissolving beneath its load of perfidy and corruption. He is clad in mail armor; his footstool is the "Constitution," and a negligated scroll bearing the words "Sacred Rights of the People" lies crumpled in the dust before him.

To the skirts of Hoffman's cloak clings the terror-stricken Mayor and Superintendent of Police. They are pursued by the relentless rabble and are endeavoring to seek protection from the throne. But, alas! it affords none. Tweed is almost in the act of retreating from the rising indignation which swells up from every throat, and from which there is no refuge but a complete abdication of his seat. His position is certainly a "seat of thorns, which men call a throne;" and his looks and acts seem to repeat the saying that "uneasy rests the head which bears the crown." The artist has acquitted the task well. The only fault to the caricature is, that it portrays *too much* truth, and has been sketched a little too faithfully to suit every one.

PASSENGERS TO ARRIVE.—The *John L. Stephens* sailed from San Francisco yesterday for Portland with the following passengers:

A J McCord, Prof W T Welcker and family, Mrs Black, Miss Thompson, J A Donaldson, J Simmonds, S C Massett, J Blum, Mrs Muldnoer and two children, R G Burton and family, J W Larnach, Lieut Dittenhoffer, S Larnach, J Jones, W B McCain, J D Butler, Mrs M B Sinnott and three children, J Lowengard, A G Bradley, Mrs B Hamburger and four children, N Solomon, F Stats, L B Cohn, Miss E Ryan, Mrs H Newell and child, Mrs B Champion and child, J L Kjog and wife, H B Shivelery, L E Whitaside, Mrs J Dobbins, Mrs G T Myers, J F Howard, T Cranney, J H Hammond, C N Sears, W N Scott, R D Murray, A Fuch, Miss A Cunavan and sister, Mrs C Flinsburg and daughter, J N Barnwell, John Bell, Wm. The steamer *Constantine* also sailed yesterday from San Francisco for Portland. She brings the subjoined list of passengers:

James Gollis, wife and child, David M Moore, Mrs Moore, Dr H P Fisher, Nelson Walling, wife and five children, J O Fillmore, John D Ellis, M J Shaw, Capt. N Pike, C C Overman, Mrs M E Wafford, R C Brigham, Mrs Ella Watson, Mrs Alice Watson, H Wells and wife, J R Morse, F W Monteith, Henry Ayers, Mrs Miller, Mrs Maxwell and three children, John Cunningham, A J Maxwell, Anthony R Twentyman, W H Porter, T J Bickney, K Crandall, D V Bean, Jacob Bender, Hough Chance, Fred Ludeworth, Mrs F S Wilson and child, W Wolf, Mr Findlay, C M Davis, John Welch, J Purdy, Ferdinand Potherst, Jacob Hummel, Lewis Burden, Frank Carr, Hy Kitchen, J West, J Scott, Geo Robertson, M Melby, James Landers, Hugh Hagerty, Barney Riley, Ed Edwin, J Murphy, W M Gordon, James McCormick, J Ackerman, James Connolly, S W Forbes, M Lynch, and fifty-six in the steerage.

THE LECTURE.—Rev. Cyrus Dickson, D. D., Secretary of the Board of Home Mission, lectured last evening at the First Presbyterian Church to an intelligent and appreciative audience of ladies and gentlemen. Want of space precludes an extended synopsis of the lecture. The speaker gave a most interesting discourse which was listened to with profound attention.

TURNING OUT.—The different foundries of the city are engaged in turning out great quantities of work, principally castings, etc., to be used on the various buildings in process of construction. The present season is one of great activity among all classes of artisans. All who have skilled hands and willing hearts to labor, need not remain idle long.

B. F. UNDERWOOD'S LECTURE.—This gentleman gave a lecture at Philharmonic Hall to a large audience last evening. His subject was "The Influence of Christianity on Civilization." Mr. Underwood is a most pleasing and fascinating speaker, and his lectures cannot but prove entertaining to his audiences.

HAS ARRIVED.—Dr. Aborn from San Francisco, who has effected so many remarkable cures in cases that had been given up as hopeless, has arrived in Portland, and taken rooms at the St. Charles Hotel, where he can be consulted for a few weeks upon all diseases of the eyes, ear, head, throat, lungs etc.

CORN CROP.—If the soil of Oregon is not good for the production of broom corn, the sidewalks of Portland are not sterile to its growth. Quite a flourishing little crop can be seen growing out from a crevice in the sidewalk in front of the broom factory of G. T. Holter, on Front street.

ACCIDENT.—A runaway occurred on Wednesday morning in the upper part of the city. A small girl was thrown out of the vehicle and her head severely cut. Dr. Watkins was called and dressed the wound. At latest accounts the little sufferer was resting quite comfortably.

RETURNED.—The excursion party who left East Portland on the 8th inst., for the summit of Mt. Hood, returned last evening. The party consisted of the following persons: I. W. Pratt, J. Henderson, D. Powell, J. L. Shute, J. Ormsby, Prof. Laing and G. Good.

RETURNING.—Among the passengers by the *Dixie Thompson* last evening were a number of ladies who have been recreating at the several points of interest on the coast. We judged from their cheerful smiles that they had spent a pleasant time.

AT PHILHARMONIC HALL.—B. F. Underwood will deliver a lecture at the above named place to-morrow evening. His subject will be "Infidelity and Christianity."

RAILROAD SPIKES.—Three hundred boxes of railroad spikes were brought up on the last steamer and will be sent to the front soon.

CLOSED.—The place of business of Gen. John McCraken was closed yesterday on account of the death of his little girl.

IN PORT.—The propeller *U. S. Grant*, which has been plying about the mouth of the Columbia, arrived yesterday.

FLOUR SHIPMENTS.—A considerable quantity of flour was transferred from the *Senator* to the *Oriflamme* last evening.

BELLS.—Two cast iron bells were brought up on the *Oriflamme*. They are to be shipped to Seattle.

CAR WHEELS.—The *Oriflamme* brought to this port, on her last trip, 72 pair of car wheels.

LOCAL BREVITIES.

The *Almatia* has not yet arrived.

The weather is growing much cooler.

Washington street is being planked beyond Park.

Seventy-five men are employed upon the works of the Wallamet Falls and Lock Company at Oregon City.

Extensive preparations are being made to celebrate the annual parade of the Portland firemen. The City Council has been asked to appropriate sufficient money to defray all expenses.

A rumor is rife that an effort is being made to organize a fire insurance company in this city.

The *John L. Stephens* and *Constantine* are on the way here from San Francisco.

The new Odd Fellows' Hall, East Portland, will be dedicated on Saturday next.

DEPARTURE OF THE ORIFLAMME.

This steamship took her departure for San Francisco yesterday evening. The following persons secured passage: L H Allen, Rev W H Rogers, wife and two children, Jacob Bloom, O W Streeter, Mrs Geo Thatcher, H Perrin, Miss E Streeter, G Hebecker, S P Brooks, A T Russell, Mrs S D Smith, P H Cummings, S Harris, Ben Kohn, A Harris, Mrs M Tobriner and three children, W W Brownell and wife, W C Talbot, H Pierce, Miss Talbot and sister, P Stringer, S Lovy, N Hochgarten, H L Gift, J P Parrish, Jno F Dillon, R K Swap, wife and child, H E Bonnistet, M Grant and wife, G Atkins, E Fox, J Jacobs, J Jacoby, L Liebes, E M Edwards, H A Truex, S M Raveley, H Heath, E Lacour, Israel Riggle, wife and two children, H H Upham, J Ewry, C W Daunals, J W Nichol, E W Everets, W F Kimball, C A Barry, C F Brown, Lieut Duncan Sherman, Capt Mark Harlow, Wells, Fargo & Co's messenger and 35 in the steerage.

AMUSEMENTS.

ORO FINO THEATER.—The public will bear in mind that a grand complimentary benefit will be tendered to-night to "Little Marion." A rare bill is offered for the evening's entertainment. This is the last programme but two of the season, and let there be a crowded house to witness this precocious juvenile actress. A grand matinee will be given on Saturday afternoon, and the season will close with the evening's performance.

FIREMEN'S ANNIVERSARY.—On Wednesday evening, 9th inst., the several committees appointed by the different fire companies of the city met in body, at the Police Chamber, to appoint sub-committees and make such other preliminary arrangements as were deemed necessary to celebrate in an appropriate manner, the 4th of September, the anniversary of the organization of the first fire company in Portland.

On motion a Committee on Collation was appointed, consisting of Messrs. Skidmore, Brown and McLeran.

On motion a Committee on Music was appointed: Messrs. Reynolds, Brown and Lasbee.

A Committee on Invitation was also appointed, consisting of Rielly, Wicks and Mayer. This committee was instructed to extend an invitation to the fire companies at Salem, Dalles, Albany, Oregon City and Walla Walla.

These several committees met again, pursuant to adjournment, on the 16th inst., to hear the reports of the committees.

The Committee on Music reported that they had engaged the services of the East Portland Cornet and 23d Infantry bands.

The Committee on Invitation read communications from Oregon City and Salem, from the fire companies, accepting of the invitation to be present and participate.

The Committee on Collections reported verbally.

A Committee on Finance was appointed, consisting of Messrs. Wood, Tribon and Huntington.

Messrs. Skidmore, Wood and Wetzel were appointed to act as a Committee on Parade, with instructions to co-operate in conjunction with the Chief Engineer.

A motion was made and lost to have a grand annual ball in honor of the event.

The Committee on Parade met yesterday afternoon and designated a line of route for the procession.

The Committee will meet again on Saturday evening, 19th.

AMENDMENTS REQUIRED.—A morning contemporary in speaking of the Oregon Code of laws, in Wednesday's issue, remarks that although revised and compiled by the most eminent jurist in the State, yet some amendments are becoming necessary, owing to the altered political status of the colored man. It adds:

"The Code specifies that a summons may be served upon any white member of a family over fourteen years of age if the party to be summoned cannot be found. A few days since one of our constables had a writ for a negro, whom he could not find. The negro had children over fourteen years of age, but as the statutes did not embrace negroes in the category he was compelled to defer serving the summons for several days."

In reviewing this matter we find the above not the only instance wherein an alteration should be made to the laws of this State. In the Constitution of Oregon, 124th page of the General Laws, the sixth clause of Sec. 4, Art. 18, occurs the following:

"No free negro or mulatto not residing in this State at the time of the adoption of this Constitution, shall come, reside or be within this State, or hold any real estate, or make any contracts, or maintain any suit therein; and the legislative assembly shall provide by penal laws for the removal by public officers of all such negroes and mulattoes, and for their effectual exclusion from the State, and for the punishment of persons who shall bring them into the State or employ or harbor them.

JOE MURPHY.—This celebrated delineator of Irish character has closed a most successful season in San Francisco at the Metropolitan Theater. An exchange states that he was the recipient of a complimentary benefit on the 14th inst. and started overland on the 15th for the East. He will stop at Salt Lake to play a brief engagement.

ARRIVED.—The bark *Dovenby* arrived last evening in tow of the *Josie McNear*. She will soon commence to discharge her cargo at the Railroad Company's wharf.

PRIVATE SCHOOL.—Miss Lillie will open a private school at the corner of Sixth and Clay streets, on Monday, 21st inst. See advertisement.

SCHOOL OPENING.—Mrs. Mary Simmons' Private School, corner Third and Main streets, will open Monday, 21st inst. Pupils will be taken during the term.

TO CARPENTERS AND BUILDERS.—G. L. Hibbard & Co., have on hand and for sale at very reasonable prices, a large lot of Doors, Blinds and Windows of the best quality. They also have a fine lot of Machine Gilt, Wagon Timber, Flour and Family Groceries. Persons wishing the above articles will do well to give them a call, corner of Alder and Front streets.

Vichy Waters are curative in Gravel, Stone, Vesical Catarrh, Affections of the Intestinal Tube, Liver, Spleen, Hepatic Colic, Painful Cachexia, Albuminoea, Chlorosis, etc., and most soothing and preventive in Gout, Rheumatism, Rheumatic Gout, Diabetis, etc. For sale at C. H. Woodard & Co.'s Drug Store, Front Street, Portland.

Forty years' experience have tested the virtues of Dr. WISTAR'S BALSAM OF WILD CHERRY, and the result is that it is the best remedy extant for pulmonary and lung diseases; embracing the whole range from a slight cold to a settled consumption. Were it not for its merits, it would long since have "died and made no sign."

TURN VERIN.—There will be a meeting of such of our German citizens as are interested in the organization of the above society at the German School House, Tuesday, Aug. 22d, at 8:30 P. M.

Whitcomb's Asthma a Remedy is a sure cure

Help for the Nervous.
Where is it to be found? cries the trembling victim of nervous debility. Not in the tavern drams that fires up the circulation for a moment, and is succeeded by a collapse. Not in purgative pills or a Lenten diet, but in an invigorant and restorative in which the tonic elements are united with gentle aperient and alterative properties. Which Hostetter's Stomach Bitters was introduced nearly twenty years ago, this important object was first attained. This peaceful and narcotic vegetable specific is as justly celebrated for its cures of nervous diseases, as for the absolute certainty with which it relieves dyspepsia and biliousness. The hot weather toward the close of summer generally aggravates diseases of a nervous type, creating a degree of feebleness which is beyond measure distressing. Under such circumstances rally the bodily energies with a course of Hostetter's Stomach Bitters. Of all tonics, it is the most satisfactory in its operations, and the least exciting. It braces the nerves up to their natural tension, but not beyond it, so there is no reaction. It has other properties, however, than those of a nervine and as a blood depurent and moderate aperient, is superior to any other medicine of the day.

Fraud, however, is on the alert. The celebrity of the original medicine has given rise to scores of counterfeits and imitations. Examine the label, and the *fac similis* of the signature of the firm, too that the spelling is all correct, and thus make sure of the genuineness of the article you buy. P. S.—Hostetter's Bitters are never sold in kegs or barrels, but in bottles only.

WOMAN'S TRUE FRIEND!
MYERS' PATENT COMBINED
FLUTING and SMOOTHING FLAT-IRON
Patented March, 1871.
THE MOST USEFUL INVENTION OF THE AGE!
THE ONLY PATENT FLUTING AND SMOOTHING Iron ever offered to the public, and pronounced by the Press perfection itself.
Adopted by all Steamboat-ers, on its own merits, as the Cheapest and most Perfect household article yet devised.
Advantages over all others—CHEAPNESS: SIMPLICITY: DURABILITY. Requires no labor to adjust it for Fluting or Rolling, as it is the case with expensive crank machines; the Iron is heated in the ordinary manner as for plain smoothing. When desiring to FLUTE or RUFFLE, draw back the Latch and it is ready for its work; this simple movement is all that is required. Its entire simplicity is one of its many merits.
It will not injure the finest fabric. It will not rust or destroy your clothes. It is a great saver of Time and Money. It is the only Iron with a "Rolling Motion." Its Fluting surfaces are of Polished Brass. No home can afford to be without one.
MYERS' COMBINED FLUTING AND SMOOTHING FLAT-IRONS have earned for themselves a popularity which has never been attained by ANY Fluting Machine. People go into ecstacies over the results accomplished by our Irons, and the longer they are used the more highly do they value them; and no wonder! when we consider that our Combined Fluting and Smoothing Flat-Irons, which are no trouble whatever to use, and which do plain ironing as well as Fluting and Rolling, costs only the very small sum of $4 75 each.
These Irons are for sale only by our Canvassing Agents.

Remittances from the interior are liberal, considering the time of year. In our last review we remarked that the scarcity of money was more imaginary than real and the past week confirms our then expressed opinions. The demand for money to move the grain crop has in every instance so far as we know been met. But then if shippers who have purchased in the interior, cannot ship to England so as to draw against it, there may occur a stringent market.

The mines in Eastern Oregon are yielding largely and with the abundant supply of water introduced by means of ditches in some of the rich mining localities, the mines will be worked later than any previous year.

Farmers of Walla Walla are free sellers of wheat, so that merchants there indebted to our merchants meet obligations by shipping wheat or buying drafts on shipments of wheat to this market.

The Salem mills are running on new wheat and have commenced shipments to this market of new flour, so we are informed.

The yield in Walla Walla is larger than expected, but as yet we cannot obtain correct figures of estimates.

The bark *Waverly* has arrived at the railroad wharf.

Messrs. Williams & Myers, of this city, are in receipt of a letter from Captain G. Olsen, of the bark *Fenix Propositio*, under date at Liverpool. It can be found in the local columns.

Business for the past week under review was not as active as the preceding, but still a large amount of business was transacted. One of the marked features of the week was one of the largest firms doing business in Roseburg, Umpqua valley, buying their goods in this market. This is one of the first effects of the railroad. The trade that place has of heretofore gone to San Francisco, but they find they can do better in this market. One by one of all the leading merchants in the interior are finding they can do better in this market than in San Francisco. The causes for which we will note in some future article.

We were unable to obtain the outward manifest of the steamer *Orifflamme*.

MARKET REVIEW.

BREAD—Soda, pilot and butter 7c; hardbread 4½c; pilot, 5c; sugar, 9c; ginger snaps and Jenny Lind, 11c.

FLOUR—Stock for sales of leading mills small. Rather unexpected to San Francisco. Prices in San Francisco was shipped to San Francisco. Prices in San Francisco do not indicate an early advance, as wheat in that market, by private advices, is dull and although we note a fair demand exists for flour for export to China, still it will not cause the market to advance. We note sales of extra at $6 for standard brands, with 50c @ bbl less for outside extra; superfine $5@5 50 @ bbl.

WHEAT—Owing to a sharp competition between the mill at Albany and another party or parties in purchasing, price paid there is $1 30 bushel. That neither can afford to pay so much at Albany is well known, unless they anticipate a rise in both flour and wheat, which is hardly likely to occur soon. Flour manufactured at Albany of Wheat costing $1 30 bushel costs delivered here over $6 @ bbl. We note small sales to-day here at $1 10 @ bushel.

HAY—Price tending upward; quotable at $13@16 for loose; baled, $15@18.

POTATOES—Stock large; prices nominal.

ONIONS—Stock fair; quotable at 1½@2c @ lb.

CORNMEAL—Mollerau's $3 25@3 50 per cwt.

PELT SKINS—Best, 90c; pork, on foot, 4—4½c; dressed, 6½@7c; sheep, $3 75@4 @ head.

POULTRY—Hens and roosters $3 50@4 @ doz.

AGRICULTURAL IMPLEMENTS—Sales of the harvesting season just closed the demand was unusually active, and the kinds bought have proved of the best and most approved patterns.

BUILDING MATERIALS—Local demand very active at prices ranging for common, $12@14; dressed, $2@30 @ flooring, 1"x12", 1s, $3 M; shingles, $2 50; Eastern hard wood, 12@20c @ foot.
